Re: Agenda Item 5: Consider and Act on Matters Concerning the TMRS 1200 No. Interstate 35 Building.

Following up on the discussions about the 1200 IH 35 building ("Property"), staff recommends that the Board authorize the Executive Director to take all steps necessary or appropriate to place the Property on the market for sale, and to negotiate the price, terms and conditions of the sale of the Property ("Terms"); provided, however, that the final Terms and execution of an agreement to sell the Property are subject to approval by the Board.
