## New TMRS Department Established to Focus on City Services

Earlier this month, TMRS Executive Director David Wescoe reiterated TMRS' core mission: "TMRS is in the Member and City service business — providing superior service to our Members and participating Cities is fundamental to our mission and vision."

Consistent with this mission and to improve service to TMRS' participating Cities, a new City Services Department has been established that will consolidate current city payroll services, plan option documentation, and communications activities. City Services will provide Cities with a group dedicated to addressing their needs.

Anthony Mills was selected to be the first Director of City Services. Anthony joined TMRS in November 2004 and is well known to city officials, particularly in East Texas, Central Texas, and the Metroplex, where he has served as TMRS' Senior Regional Manager providing training and education services for Members and participating Cities.

To further sharpen TMRS' focus on Member and City service, Eric Davis will become TMRS' Chief Service Officer and lead TMRS' Member and City Services group, which includes Anthony Mills, Debbie Muñoz (Director of Member Services), Leslee Hardy (Director of Actuarial Services), and Scott Willrich (Director of Information Services).

We are excited about these changes, all of which are designed to better meet your City's needs. If you have any questions about the new department or suggestions to improve our service to you, please let us know at [CityServices@tmrs.com](mailto:CityServices@tmrs.com) or email Anthony Mills directly at [amills@tmrs.com](mailto:amills@tmrs.com).
