## Administrative Reminders

- **Cybersecurity** – Please contact TMRS as early as possible if your city experiences any type of data breach. Recently, several local government entities in Texas were attacked by ransomware. If your city was affected and you have not notified us, please do so right away. In general, any time your city experiences a cyberattack that may compromise employee information, we appreciate being notified so we can monitor your employees' TMRS accounts for suspicious activity. See more details on how to prevent phishing and ransomware attacks on page 4 of the most recent issue of [Main Street](#).
- **Address Changes** – Whenever employees change their address with your city, it is important that they also change their address with TMRS so that we have the most up-to-date information. Please let your employees know they can do it online through MyTMRS®. If they are not yet on MyTMRS, please encourage them to sign up so they can take advantage of its new features and keep their information current.
- **Employee Meetings and Benefit Fairs** – This time of year is extremely busy with open enrollment and member benefit fairs. The [TMRS Travel Team](#) attends these types of meetings "on demand," so please put in your request as early as possible. In 2018, the team visited with approximately 37,000 members and city administrators across Texas. If your city would like TMRS to attend your next event, email the [Communications Department](#).
- **Payroll Special Offer** – Don't forget! If your city has not been using the City Portal to upload your monthly payroll to TMRS and you begin using it between now and October, we will waive the \$125 registration fee for the TMRS Annual Seminar in San Antonio, November 3–5! (see item above). For information, contact [Jennifer Andrews](#), Member Services Manager.
- **Authorized City Contacts** – Please notify TMRS immediately if there are any changes in your city's authorized contact list. Authorized contacts have access to the [City Portal](#) for self-service features and confidential information. Email [cityportal@tmrs.com](mailto:cityportal@tmrs.com) to let us know of these important staff changes. If the person designated as your City Portal Administrator has changed, your city will need to sign a new [City Portal Use Agreement](#).
