

TMRS E-bulletin

FOR CITIES

TMRS Wants Your Input!

TMRS has begun a project to improve payroll reporting. On June 9, we sent your city a link to a survey that we are asking all cities to complete by June 30, 2016. The survey asks questions about your current payroll reporting process and your opinion on potential directions for the project. This survey will take less than 10 minutes.

We need a response from all cities to ensure that our project addresses your needs. If you are not the person who reports payroll information to TMRS, please forward this request to the appropriate party. If you have questions about the survey or the project, send e-mail to surveyquestions@tmrs.com.

Please follow the link below and provide the information we need.
