### TMRS: A Win-Win for Retirees and Cities

A TMRS retiree recently wrote, "Words cannot fully express the appreciation I feel towards TMRS for making my retirement possible and feasible. Thank you so very, very much for being there for me and for all retired municipal employees across Texas. God bless you and grant you a fabulous 2022!"

This comment reminds us exactly why your city participates in TMRS: to recruit and retain employees who know they will have a secure retirement waiting for them at the end of their career.
