Annual City Training Conference

TMRS' Annual City Training Conference will be held virtually this year and streamed on the TMRS website September 13 and 14. This year's conference will focus on providing city staff and decisionmakers the tools they need to help administer their TMRS plan.

Online Contribution Reporting is Coming!

TMRS is upgrading the City Portal so you will be able to submit and pay monthly contribution reports online. Cities can prepare by ensuring the appropriate staff have City Portal User accounts and are using the Portal regularly.

Enroll New Members on the City Portal

Using the City Portal is the fastest and most secure method for enrolling new employees in TMRS.

Please contact us at cityportal@tmr.com or 800-924-8677 to talk with a City Contributions analyst if you need help enrolling new Members online.

Help Your Employees Update their Beneficiary

It is important that TMRS has the most current beneficiary information for each Member, especially for vested Members. Vested Members must redesignate their beneficiary even if they don't change who they name, because prior beneficiary designations are no longer valid.

We have created a Designate Your Beneficiary fact sheet that you can provide to your employees to help them understand how to keep their designations current. This fact sheet and others are available through the link below and at [TMRS.com / For Cities / Fact Sheets](http://TMRS.com/ForCities/FactSheets).
