# TMRS Turns 75!

TMRS is celebrating its 75th anniversary in 2023!

Beginning with eight participating cities in 1948, TMRS is now the retirement system of choice for 921 Texas cities. We serve more than 210,000 Members and prudently manage \$35 billion in Trust Fund assets.

For 75 years, TMRS has been committed to partnering with cities to provide their employees – our Members – with financial security in retirement and peace of mind for the future. We look forward to continuing to serve you for many years to come.

Throughout 2023, TMRS will highlight participating cities and share Members’ stories online and in our newsletters. If you would like to share how TMRS has impacted your life or a memorable moment, please let

the communications team know at [communications@tmrs.com](mailto:communications@tmrs.com).

## What Members Say About TMRS

The following comments remind us exactly why your city participates in TMRS: to recruit and retain employees who know they will have a secure retirement waiting for them at the end of their career.

*"I think it is one of the best managed and strongest retirement systems in the country. From day one of my retirement I have not had a problem. My money is always in the bank on the last working day of the month. I had one question about the system shortly after I retired. I called your office and they quickly answered my question. Thanks for doing a great job." — G.B.*

*"With TMRS and the City's generous contributions, I was able to retire...I'm not sure what it entails to keep TMRS on top, but apparently you do, and I cannot thank you enough!" — M.H.*

*"A check faithfully and on time for the rest of my life. Not too shabby." — J.O.*

*"I'd just like to thank TMRS. I do not know what I would have done without them. It has really been a blessing. Thanks so very much." — W.R.*

## Review Your City Contacts

The new year is a great time to make sure that your city contacts are up to date. Your city contacts are the employees that communicate with TMRS on the city's behalf. Different roles and functions are available for each city contact, and they can be updated in the Contacts page of City Portal by your City Portal Administrator.

A review of the city's contacts must be done at least once a year, but can be done at any time by clicking the "Download Contacts Report" on the home page of the City Portal.
