

It's Easy to Estimate Your TMRS Monthly Benefit

You can estimate your monthly retirement benefit 24/7 on MyTMRS at tmrs.com. You can also access MyTMRS on the TMRS Mobile App. If you don't have the Mobile App, you can download it on the Apple App Store or Google Play

You can also request retirement estimates by calling the TMRS Member Service Center at 800-924-8677.

Retirement estimates use your current salary and your city's TMRS plan provisions to calculate your benefit. Various monthly benefit options, including partial lump sum distributions, are calculated with each estimate.

It is important to run multiple estimates to determine the best time to retire. For example, your age impacts your monthly retirement benefit, so always run an estimate for your next birthday.

If you have questions about your retirement benefits, please call the Member Service Center at 800-924-8677 to speak with a TMRS representative. You also can schedule an in-person or virtual counseling session. Family members or advisors are welcome to attend.
